

CONES

It's sweet!

The Problem

Ice cream is so delicious.

But where are all the ice
cream trucks?

The Solution

Cones shows you all
nearby ice cream trucks!

the problem

Demo Time!

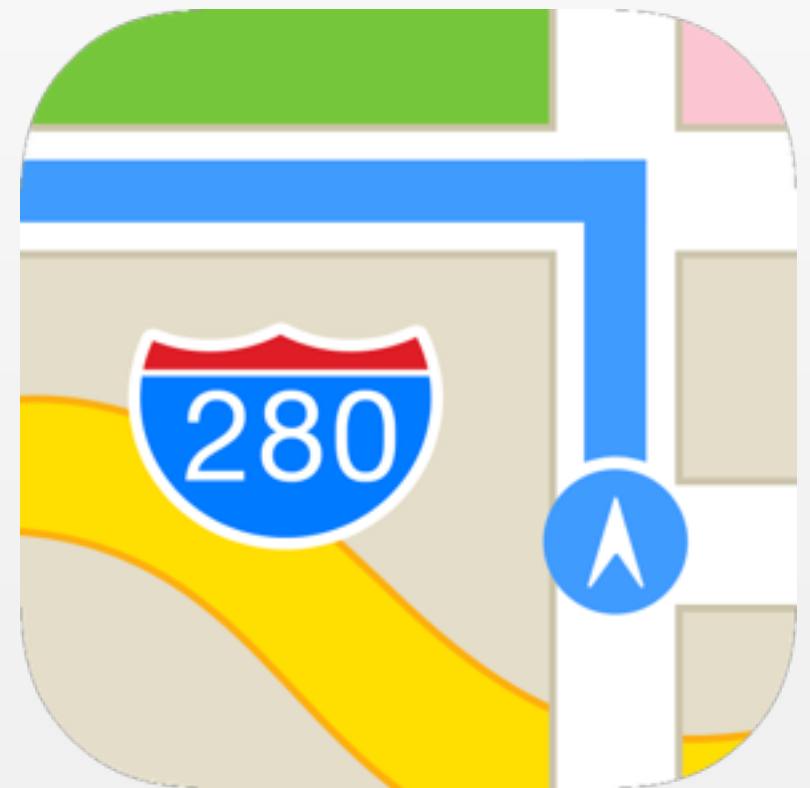

How We Did It

the problem

MapKit

Parse

+

Parse

The problem

```
PFObject *currentVendorLocationData =  
[PFObject  
objectWithClassName:@"VendorLocation"];
```

```
[self.locationManager startUpdatingLocation];
```

```
currentVendorLocationData[@"geoPoint"] = [PFGeoPoint  
geoPointWithLatitude:vendorLocation.coordinate.latitude  
longitude:vendorLocation.coordinate.longitude];
```

```
[currentVendorLocationData saveInBackground];
```

MapKit

The problem

```
-(void)mapView:(MKMapView *)mapView didUpdateUserLocation:  
(MKUserLocation *)userLocation
```

```
[query whereKey:@"geoPoint" nearGeoPoint:[PFGeoPoint  
geoPointWithLocation:userLocation.location] withinMiles:5.0];
```

```
for (PFObject *vendorLocation in vendorLocations) {  
  
    PFGeoPoint *geoPoint = [vendorLocation  
objectForKey:@"geoPoint"];  
  
    Vendor *pin = [[Vendor alloc]  
initWithLongitude:geoPoint.longitude latitude:geoPoint.latitude];  
  
    [self.mapView addAnnotation:pin];  
  
}
```
